

4th East European Psychiatric Congress &  
3rd Preventive Psychiatry International Congress

12–15 November 2015

Aegli Zappiou

Athens, Greece

---

Welcome Message

Dear Colleagues and Friends,

We have great pleasure in welcoming all of you to an exciting dual Congress, the 4th Psychiatric Congress of Eastern Europe and the 3rd Congress of Preventive Psychiatry.

The importance of Prevention in Psychiatry is gradually being recognized by all. When it was originally conceived it was limited to its psychosocial component but more recently, with the contribution of neurobiology, psychopharmacology, psychiatric genetic counseling and early preventive interventions it became more comprehensive.
