the european sourcing unit is your **appel medical**  
agency dedicated to recruiting doctors of all specialties  
in Europe

our multilingual team is specialized in recruiting candidates  
abroad to bring them a complete support

we're looking for a

## general practitioner

### about the structure

brand new healthcare center near Lyon and the highways to the Alps Mountains and the Côte d'Azur: Skiing in winter and the beach in summer!

it has all the facilities that you would need (daycare, primary schools, cultural associations to sports, etc.) as well as many medical & paramedical professionals present on site.

its geographical location allows it to attract a population of workers wishing to enjoy a pleasant living environment close to large conurbations and university hospitals.

### job description

you'll work as a self employed which allows to organize your working hours as you please.  
number of patients will be guaranteed from the start, a front desk that handles your appointments is made available.

you'll have the choice of your equipment for your brand new practice!

### Qualifications

you're a general practitioner, you graduated in Europe which allows you to register to the French Medical Council and you wish to settle in France.
