DIAGNOSTIC AND RESEARCH PERSPECTIVES W HISTOPATHOLOGY

4th Webinar

From classical to digital histopathology

Welcome Letter

The aim of this web event is to bring together experts from various fields of cancer care in order to make familiar a broad audience with current diagnostic and research issues in cancer pathology and oncology.

In the 4th Webinar "Diagnostic and Research Perspectives in Histopathology | From classical to digital histopathology" our goal is to familiarize a broad audience with digital pathology and artificial intelligence and how these tools could be integrated into routine clinical practice.

Besides, it is within our scope to promote interactions and encourage stimulating discussions between speakers, chair panels and participants, as well as to favor new collaborations.

Within the grounds of the 4th webinar, we wish to welcome you and thank you for your kind support.

On behalf of the Organizing / Scientific committee,

Anastasios Koutsopoulos

MD, PhD, Rathologist, Associate Professor of Pathological Anatomy, Department of Pathology, Division of Morphology, School of Medicine, University of Crete
